4 Community 4 Venues and Facilities 3 Environment 1 Economy 1 Cost

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

*Did I miss something from the last 30 years, have we fallen on social & cultural to the point the Olympics are the only way out?
We need to work on & focus on these now not in 2026 for 50 days*

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

As late planning & business says we should maintain or build facilities as needed, not shamelessly use the Olympics to do our upgrades or bidding for a new facility

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

Large volumes of people in a specific area are always a concern that will be a problem, this could lead to more public outcry that these events are problems (traffic, waste, CO₂ footprint etc)

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

HINDER, the true legacy of hosting a 50 day event with a large 75 day party will drastically hurt the taxpaying people of Calgary - Alberta - Canada, separately

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

NO, easy to understand that we all study history for a reason, this is not the time to ignore history from other host cities/countries. This is not 1988 and the history from then to now reflects this

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

It doesn't really matter if we are all faced with a huge tax bill at the end. When does it all stop!

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

Saddledome needs to be replaced not improved! We are just putting a bandaid on it!

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Definitely hinder Calgary's future. Alberta is in serious debt and the costs of these games will only add to that.

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

No! We need to concentrate on our debt (City, Provincial & Federal).

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

Initial impact of construction will help - but will ^{with jobs} be left with too much debt - taxpayers have paid enough already. Personal & Business.

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

My concern is the ski jump at Whistler - last of athletes there - Transport of athletes & people watching ski jumping and then coming back to Calgary. Who is paying for this? Who benefits from the events at Whistler?

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

This was for amateur athletes - they have turned this into a Vegas show with everyone trying to outdo the last 8 countries. Why do we have to pay the 100 so much money?

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

In 1988 we were all volunteers - even the head of the committee. Now everyone is paid. Why? Do we not have the support?

You cannot increase the property & business tax anymore - we have been pushed to the limit.

Hinder. ¹ We will be in debt. ² Calgary already has had too much growth.

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

Hinder. We can build facilities without ~~I.O.C.~~ telling us what and when

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

Hinder. Calgary already has challenges dealing with its current population. We don't need to encourage excessive growth.

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Hinder. Huge debt. Unknown oil prices → potential economic disaster.

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

Absolutely not. Long term impact will be to saddle taxpayers with more debt. We can build facilities without an Olympic bid. This would allow us to build slowly and on a need basis.

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

Proposed upgrades and new facilities would help. We are badly in need of a fieldhouse and a new/upgraded venue for Hockey/concerts. Present facilities woefully underadequate for a city of our size and standing.

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

I like that greener alternatives for transportation are part of the plan.

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Very concerned that the costs, which cannot be sufficiently predetermined, will burden future generations of local taxpayers (my children/grandchildren)

Undecided at this time.

I feel they could be contained.

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

*It would be worth it if more things built as a result eg. LRT, arena as well as other mentioned updates & field house.

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

We can not afford any of this madness right now. Corruption spreading through out games.

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

Yes, some of the facilities need upgrading. But at who's expense? We do we need to host these games to get it?

With most of the facilities already existing, I don't think the ~~envi~~ environment will be impacted.

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Let's talk today. We, the taxpayers can not afford this. If Nenshi wants a legacy, he will be remembered for the Big O & the Bowfort Towers.

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

~~Yes~~ No. We shouldn't have to host a corrupt sporting event to get more affordable housing, upgrades, etc.

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

Helpful. Uplift ~~people's~~ spirits during these difficult economic times. Get back to a "Can Do" attitude instead of a "Can't Do".

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

Help. These venues are necessary to be built for our growing City. And existing facilities need upgrading to keep up to standards regardless of hosting games ~~to~~ so would need funding to update anyway.

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

Help. ~~and~~ Funding provided for expansion of LRT lines
AND to airports.

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Could help put Calgary, Alberta, and Canada back
on the radar for ^{international} investment. ^{And} increase tourism
long after Games over.

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

Barring ^{drastic} unforeseen ~~or~~ future world events could be well-worth
the cost - but I don't have a crystal ball. IF no cost over-runs
it would be worth it. But cost over-runs are typical. And if
IOC opened purse string more, then worth it.

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

Our economy is NOT thriving. Hosting the games would have a negative impact upon Calgarians, putting the future of Calgary at risk.

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?

Absolutely NOT! It is inappropriate to invest in the Olympics at this point in time. As tax payers, we do not want our money spent in such a fashion, then being left with a huge bill to pay!

Q2. COMMUNITY: Do you think the potential social and cultural impacts of the Games would help or hinder Calgary's future? Why or why not?

I don't think it will change. The times have changed significantly from 1988. We would have more impact by putting the money towards an oil pipeline to West Coast

Q3. VENUES AND FACILITIES: Do you think the proposed upgraded and new venues and facilities from the Games would help or hinder Calgary's future? Why or why not?

They would only benefit certain groups. Community organizations would not have access. We'd be better off putting money toward hockey, soccer, etc in the communities.

Q4. ENVIRONMENT: Do you think the potential environmental impacts from the Games would help or hinder Calgary's future? Why or why not?

There would be negative impact to the environment. More CO₂ emissions

Q5. ECONOMY: Do you think the potential economic impact of the Games would help or hinder Calgary's future? Why or why not?

Neutral. Tax increases would effect calgary citizen negatively

Q6. COST: Do you view the long-term impacts of the Games as being worth the cost? Why or why not?
